

TITAN RACING **BAJA** CALIFORNIA STATE UNIVERSITY - FULLERTON 2026-2027

WHO ARE WE

Titan Racing Baja is Cal State Fullerton's student run engineering legacy team, we design, manufacture, build, and compete an offroad single seater vehicle in the Baja SAE International Collegiate Design Competition. Our goal is to provide students with real world engineering experience through every stage of the process. From the conceptual design phase, analysis, fabrication, testing, and ultimately competing. All members contribute to car, with different sub teams working cohesively in cross functional applications. We provide analytical problem solving, innovation, and technical growth within our environment.

More than just a racing team, CSUF Titan Racing Baja represents the passion, creativity, and legacy of CSUF Engineers determined to push the limits for the next generation!

WHY SPONSOR US

- Only Baja SAE Program from the largest university in Orange County, representing 40,000+ students in California State University - Fullerton
- Brand Exposure to students, faculty, and industry professionals across Southern California through campus events, expos, and competitions; LA Auto Show, Acura Grand Prix Long Beach, Sand Spots Super Show, Fuel Fest Southern California, Offroad Expo, Overland Adventure, Overland Expo, Fullerton Discover Festival, International BAJA SAE Competition 2027

HOW TO DONATE

Make check payable to:

Cal State Fullerton Philanthropic Foundation
(501(c)(3) Federal Tax ID 33-0567945)
intended for:

**Mechanical Engineering Senior Projects -
Baja**

OR

the following link leads to the donation page:
